

Curious about Cybersecurity at Anderson University?

Reason #4: Ethical foundations & small class sizes

Hello!

Here is reason #4 why you should attend [Anderson University](#) and study in our [Cybersecurity Program](#).

Anderson University has a small school atmosphere where faculty are invested in your personal and professional development intellectually, socially, emotionally, and spiritually. At AU, you are more than a number in a crowd, and we value fostering a cohort mentality among students and faculty.

- As a Christian institution, we see the development of ethics and morality as a fundamental component of your cybersecurity education.
- Smaller class size for a greater opportunity to get to know your classmates.
- More personalized attention from professors to help students.

If this sounds like something that you would like to be a part of...
